

## LEGISLATIVE VOLUNTARY ASSESSMENT

IATA's Board of Directors is committed to expanding the sales tax exemption on airframe work to include all engine worksopes for anyone who **performs aircraft maintenance under an FAA valid Aircraft & Powerplant license or an FAA accredited Inspection Authorization.** **This means more business to your operation!**

**IATA is also leading the industry in fighting the State's implementation of a new service tax law!** If this legislation passes you **must** charge sales tax on all unscheduled intrastate passenger travel. ***But wait it goes further!*** How much do you spend on uniform laundry for your employees? What about landscaping/snow removal? **These services and others will be taxed too and passed on to you! *We need your support!***

**YES**, I support the 2011 voluntary assessment for the Illinois Aviation Trades Association's legislative efforts!

**\$100.00**     **\$250.00**

**\$500.00**     **OTHER: \$ \_\_\_\_\_**
